SUMMARY

Results-driven Frontend Developer with hands-on experience in building responsive, user-focused web interfaces using React.js, JavaScript, HTML, and CSS. Skilled in designing reusable components, integrating RESTful APIs, and optimizing performance for scalability and speed. Experienced in full-stack development using Node.js, Express, and MongoDB, and passionate about merging AI-driven insights with modern UI/UX practices.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, HTML5, CSS3, Typescript (basic), Responsive Design, UI/UX Design
Backend & Tools: Node.js, Express.js, MongoDB, REST APIs, Git, GitHub, Vercel, Render, CI/CD
Core Competencies: Full Stack Development, Frontend Development, JavaScript, Java, AI/ML basics, SEO
Soft Skills: Problem Solving, Communication, Team Collaboration, Adaptability, Time Management

EXPERIENCE

Full Stack Web Development Intern - Cuvette (Jul 2024 – Mar 2025)

- Built and optimized React.js user interfaces with reusable components, improving performance.
- Applied SEO and responsive design principles to enhance web performance across devices.
- Integrated Node.js + Express APIs for dynamic content rendering and seamless data exchange. Managed source control and deployment through Git and CI/CD pipelines for consistent versioning.

Software Development Engineer in Test (SDET) Intern - Cognizant (Nov 2023 – Mar 2024)

- Collaborated in Agile sprints to test, debug, and improve frontend modules and UI components.
- Utilized CI/CD workflows to identify regressions early and ensure stable software delivery. Automated test cases using Java and validated UI logic and DOM-level behaviors.

Freelance Web Developer (2025 – Ongoing)

- Delivered custom, responsive websites for small clients using WordPress and React.js, improving usability and performance.

PROJECTS

Food Delivery Platform – MERN Stack

- Built a full-stack application with JWT-based authentication, REST APIs, and MongoDB integration. Designed scalable backend logic and configured CI/CD for automated deployment.

Hotel Booking Website – HTML5, CSS3, JavaScript

- Created an accessible, mobile-optimized website with smooth scroll animations and clean UI. Enhanced loading performance using efficient DOM manipulation and media optimization.

Notes Management App – React.js, CSS

- Developed a fully responsive notes application with CRUD operations and persistent state using Redux-Persist. Ensured data reliability and performance through optimized component rendering.

EDUCATION

B.V.Raju Institute of Technology, Narsapur – **B.Tech** (2019 - 2023) | **CGPA:** 7.29

CERTIFICATIONS

Web Development (HTML, CSS, Java) – Udemy | The Origins III: JavaScript – Codedex
AWS Cloud Practitioner Essentials – AWS | Machine Learning with python - Verzeo
Frontend Development Workshop – BITS Pilani, Hyderabad | Project Management for Managers – NPTEL
